Interactive comment on "Comment: Getting the Methodology Wrong for Analysing the Hydrological Changes in Watersheds" *by* Nitin Bassi et al.

Nitin Bassi et al.

nitinbassi@irapindia.org

We would like to inform J. Peschel that the commentary is on Penny et al. (2018) and not on Srinivasan et al. (2015). It appears J. Peschel has not read the commentary and posted this comment in a hurry for some strange reasons. In the response, we do not find anything specific to the arguments and facts presented in our manuscript, except an attack on the style of writing based on perception.
