Interactive comment on "Comment: Getting the Methodology Wrong for Analysing the Hydrological Changes in Watersheds" *by* Nitin Bassi et al.

Nitin Bassi et al.

nitinbassi@irapindia.org

As was the case with the comments from J. Peschel, R.A. Woods and H. McMillan, A.N. Flores tries to judge the commentary by Bassi et al. with a lot of prejudice and has not examined the facts and figures and arguments presented by them. We find these comments full of verbiage and not relevant to take the discussions presented by Bassi et al. forward.
