Interactive comment on "Wildfire impact on Boreal hydrology: empirical study of the Västmanland fire 2014 (Sweden)" *by* Rafael Pimentel and Berit Arheimer

Rafael Pimentel and Berit Arheimer

rpimentel@uco.es

Received and published: 3 January 2019

We would like to start by thanking the Reviewers for the comments to our manuscript. We think the suggested changes improved the manuscript considerablely.

We are attaching 3 documents with comments to the Reviewers, changed version and new version of the manuscript:

- 20190103_Comments to the Reviewers.pdf –> Document with the answer to Reviewers's comment (Revierwer's comments are written in normal-black font and detail answers from the authors in italic-red font.) - 20190103_Manuscript_with_Changes.pdf

Printer-friendly version

Discussion paper

–> Manuscript with changes done (Removed text is crossed out and new text is written in red.) - 20190103_Revised_Manuscript.pdf –> Final version of the manuscript, only with definitive text (all text in black font.)

/The authors
