Interactive comment on "The effect of input data complexity on the uncertainty in simulated streamflow in a humid, mountainous watershed" *by* Linh Hoang et al.

Linh Hoang et al.

hnklinh@yahoo.com

Received and published: 29 May 2018

We are very grateful to Prof.Vervoort to all the constructive comments and the valuable time spent to review our manuscript. These comments help us to significantly improve our paper. We have tried our best to response to all of your comments one by one. We have attached our responses as a supplement.

Please also note the supplement to this comment:
