

Interactive comment on “A framework for deriving drought indicators from GRACE” by Helena Gerdener et al.

Bettina Schaefli (Editor)

bettina.schaefli@giub.unibe.ch

Received and published: 13 September 2019

Both reviewers agree that this is potentially an interesting paper for HESS but that it requires some additional details on methodological choices. I invite the authors to answer these comments in the public discussion before preparing the revised version.

Interactive comment on Hydrol. Earth Syst. Sci. Discuss., <https://doi.org/10.5194/hess-2019-268>, 2019.
