

Interactive comment on “Assessment of Near 0 °C Temperature and Precipitation Characteristics across Canada” by Eva Mekis et al.

Eva Mekis et al.

eva.mekis@canada.ca

Received and published: 5 November 2019

We combine our responses to all four reviewers into this one document. In some cases, similar comments were made by different reviewers and they can see the consistency in our responses. In a few other cases, to best address a comment by a particular reviewer, we also referred to our response to another reviewer.

Reviewer 2 responses can be found on pages 4-35 in the attached supplement file
