Interactive comment on "Assessment of Near 0 °C Temperature and Precipitation Characteristics across Canada" *by* Eva Mekis et al.

Eva Mekis et al.

eva.mekis@canada.ca

We combine our responses to all four reviewers into this one document. In some cases, similar comments were made by different reviewers and they can see the consistency in our responses. In a few other cases, to best address a comment by a particular reviewer, we also referred to our response to another reviewer.

Reviewer 3 responses can be found on pages 36-46 in the attached supplement file

Please also note the supplement to this comment:
