We thank the referee for her/his positive comments about our work and for her/his detailed review that has helped us to improve the quality of our manuscript. Responses to comments and subsequent changes are detailed below in blue. Please note that, following a suggestion from referee #2, section 5.1 has been merged with section 4. Nevertheless, every correction/suggestion from referee #1 for section 5.1 has been issued when remaining applicable.

Please also note the supplement to this comment:
