

Dear editor,

Dear publishers,

Thank you very much for your help and support. We would like to thank the editor for taking over the review process at such short notice.

Line 104 „a the“ – please check

Thank you, we removed “a”

Line 147 personal communication – with who?

We added: „with technicians from NPPs“

Lines 34, 473, 497 I would prefer “physical based” to “physical” model

We changed it.

Line 324 “a lot of warming” – rephrase

We changed it to “most warming”

Line 350 should be “in bold”

We changed it

Line 495 “may be explored” rather than “will need to be proven”

Thank you, we changed it

Line 507 “more integrative” in what respect? Including river temperature management?

We removed the sentence.
