Dear Anonymous Referee #2,

Re: Manuscript # HESS-2019-544 entitled “Dynamics of hydrological model parameters: mechanisms, problems, and solution”.

We are very grateful for the Referee’s comments and encouragement. We have carefully studied and considered all comments in making revision and a point-by-point response is as follows. For clarity, all comments are given in black and responses are given in the blue text. The revised parts in our manuscript are highlighted in red.

Please also note the supplement to this comment:
