

Interactive comment on “River ice and water velocities using the Planet optical cubesat constellation” by Andreas Kääh et al.

Bettina Schaepli (Editor)

bettina.schaepli@unil.ch

Received and published: 18 June 2019

Both reviewers agree that the manuscript is suitable for HESS but that it lacks methodological and literature details for a full research paper. I invite the authors to submit a revised paper that addresses these shortcomings (along the lines in the public discussion).

Interactive comment on Hydrol. Earth Syst. Sci. Discuss., <https://doi.org/10.5194/hess-2019-62>, 2019.
