

Interactive comment on “On the value of high density rain gauge observations for small Alpine headwater catchments” by Anthony Michelon et al.

Anthony Michelon et al.

anthony.michelon@unil.ch

Received and published: 13 March 2020

Please find in the supplement the figures showing for all 48 rainfall events of our dataset the results of the rainfall interpolation using both the method developed by Benoit et al. (2018) and the Thiessen method.

Anthony Michelon, Lionel Benoit, Harsh Beria, Natalie Ceperley and Bettina Schaeffli.
