Dear Reviewer

We greatly appreciate your review and the time you have taken. We are thankful for your numerous helpful and encouraging comments, which include suitability of the manuscript title, missing of independent ET estimates, relevance of interception, and application of PCA as well as language aspects. We agree predominantly and apologize for submitting the manuscript in its present form. As the immediate situation does not allow for the necessary thorough revision, we have decided to withdraw the manuscript.

We thank you for your constructive review.

Yours sincerely

Uta Moderow on behalf of all Co-Authors
