

Interactive comment on “Comment on: “A review of the complementary principle of evaporation: From the original linear relationship to generalized nonlinear functions” by S. Han and F. Tian” by Richard D. Crago et al.

Richard D. Crago et al.

rcrago@bucknell.edu

Received and published: 13 October 2020

Please see supplement for response. Note that Han and Tian were co-authors of a review that both submitted separately. Thus this response addresses both of their submittals.

Please also note the supplement to this comment:
