Dear Referee, on behalf of my co-authors, we thank you very much for giving us an opportunity to revise our manuscript. Our manuscript has been reviewed. We appreciate the editor and reviewers very much for their positive and constructive comments and suggestions on our manuscript entitled “Compositional balance should be considered in soil particle-size fractions mapping using hybrid interpolators” (ID: hess-2020-384). We have studied the referee’s comments carefully and we have tried our best to revise our manuscript according to the comments and suggestions. Attached please find the revised version and the response to the referee, which we
