

Dr. Elham Rouholahnejad Freund
Editor Hydrology and Earth System Sciences

Subject: HESS-2020-632

Date: October 7 2021

Dear dr. Freund,

Thank you for noticing the last items in our paper entitled “Large-scale sensitivities of groundwater and surface water to groundwater withdrawal”.

We have corrected these items and have uploaded the final files to be processed for final publication.

Thank you for guiding the review process,

With kind regards,

A handwritten signature in black ink, appearing to read 'Marc Bierkens', written in a cursive style.
