

## Response to Review Comments (hess-2021-353)

Nov 23 2021

### Editor's comment

Please remove the "the black dashed lines show the reference 1:1 line" in Figure 4. You are plotting  $\log(C)$  versus  $\log(Q)$ , the 1:1 line has no meaning.

### Authors' response

Thank you. We have revised Figure 4 as suggested, with all 1:1 lines removed. We also included the high-resolution versions of all figures along with the corrected manuscript.
