

*I thank the authors for their revisions and am glad to accept the paper for publication, subject to the amendment of two minor/technical points:*

*- In response to a comment by Referee 1 (#6 in your response), you indicated that supplementary material was added. However, I was unable to locate it in the uploaded files —please complete your submission if it was missing.*

Apologies, our response with respect to the inclusion of an additional figure suggested by Referee 1 showing the temporal patterns should have read:

“We have now included the figure that previously appeared in our response to the reviewer in *Figure A 1 in Appendix A.*” rather than “*supplementary material*”.

*- In addition, please ensure that the new supplementary figure is referenced in the main text.*

The new figure, Figure A 1 in Appendix A, has now been referenced in L257-258.

*- Lines 238–240, please fix the reference*

The reference to Roderick et al. 2020 has now been fixed.

Thank you
